

STRIKING THOUSANDS COMPLETELY PARALYZE CITY OF SEATTLE

Seattle, Wash., Feb. 7.—Morning of the second day of Seattle's great general strike saw the city almost completely paralyzed.

Its only normal function during the night was lighting of streets and homes and this was done by volunteer workers.

The strikers themselves through their culinary trades, fed strikers and those who depend upon restaurants. Eighteen big soup kitchens catered to long lines of hungry persons, serving strikers for 25 cents and others for 35 cents.

No disorders have marked the strike thus far.

On the one hand there are sixty thousand idle strikers with a liberal sprinkling of the radical element.

On the other are United States regular troops armed with machine guns, bayonets and it was reported with hand grenades. The police have mounted machine guns on trucks ready for instant use.

The regular police and 1,000 deputies are heavily armed.

Movement of troops from Camp Lewis to Seattle was begun late yesterday. An attempt was made to keep the movement secret.

Major General John F. Morrison, commander of the Western Department, is reported to have left San Francisco for Seattle to take charge.

Brig. Gen. Hayden of Camp Lewis now commands troops here.

Governor Lister, although ill at Olympia, has promised quick aid in case city officials are unable to maintain order.

PRESIDENT AND WIFE PACKING UP READY TO SAIL FOR HOME

Paris, Feb. 7.—They were packing up at the Murat Palace today.

While President Wilson is not scheduled to sail before next Wednesday, his and Mrs. Wilson's gifts and souvenirs were being boxed, preparatory to shipment.

Pounding of hammers echoed merrily through the ancient palace as books, statues, cutlery and cigar cases were stowed in wooden cases. They weigh hundreds of pounds avoirdupois, and are worth hundreds of pounds sterling.

It has not been definitely determined whether the president will return to France, yet the Wilsons are "cleaning house" as though they had no intention of coming back, despite the fact they would almost certainly occupy the Murat Palace again on a second trip.

The president, despite the long hours he devotes to peace work, he finds time to read interesting letters from all parts of the world, many of which he answers personally. One arrived today from Harold H. Rucker, seven year old, of Wichita, Kan., who says: "I am studying as hard as I can in school, so I will be able to do something important when I am a man."

The president replied: "I am glad you are beginning early to have an ambition and I hope you will grow up to think of the country you love before you think of yourself."

FESS CANDIDATE FOR SPEAKER'S CHAIR

Washington, Feb. 7.—Representative Fess of Ohio, chairman of the Republican congressional campaign committee, announced yesterday that he would be a candidate for speaker of the house in the next congress.

The other announced candidates are Representative Mann of Illinois, the Republican leader, and Representative Gillette of Massachusetts.

PASS BILL IN JUST ONE MINUTE

Washington, Feb. 7.—In the record time of one minute, the senate today passed the \$215,000,000 pension bill.

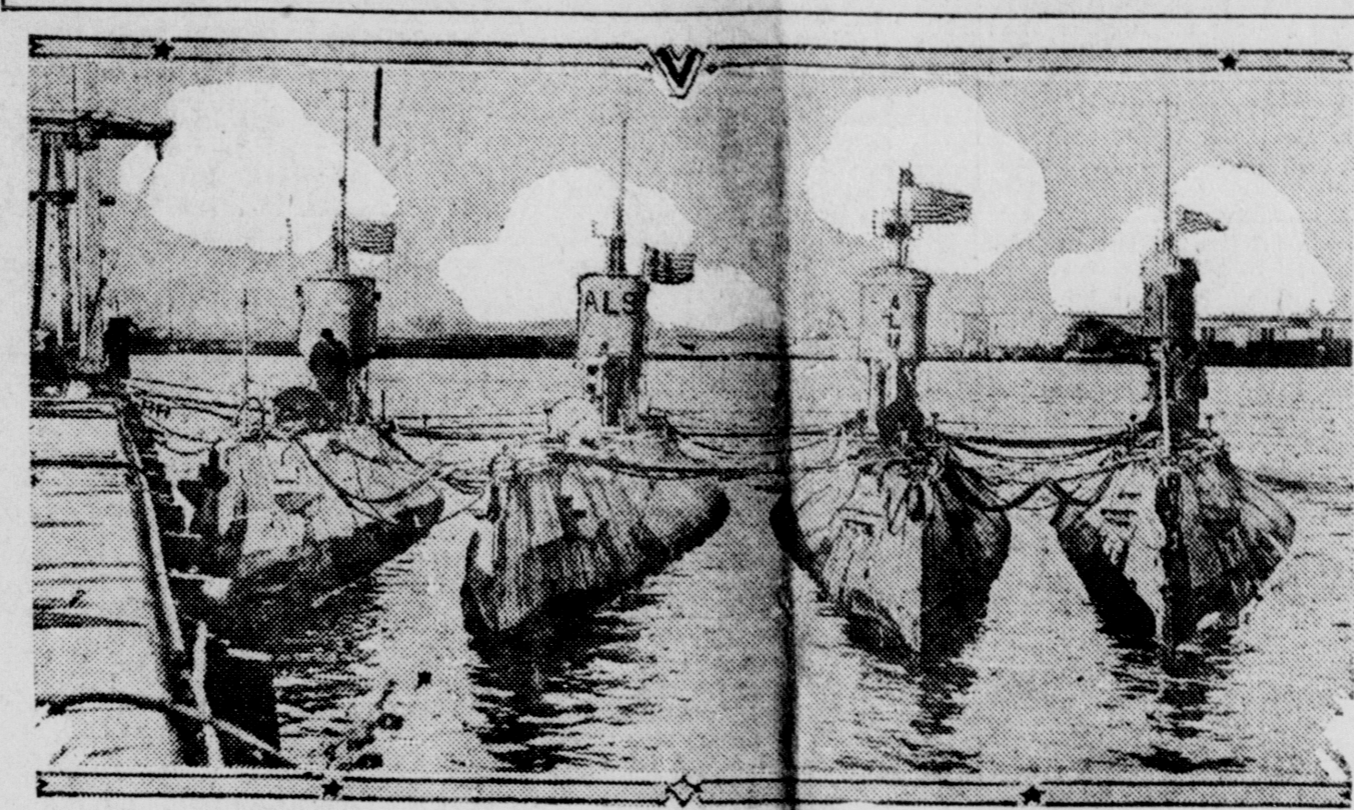

OHIO CAN BUILD MANSION

Columbus, Feb. 7.—Ohio can now go ahead and spend \$125,000 on a governor's mansion. The long drawn out controversy between senate and house over a matter of \$20,000, in connection with the appropriation was settled late yesterday, the senate yielding to the house and adopting the Jones bill in its original shape.

FAVORABLE PROGRESS MADE.

Paris, Feb. 7.—Announcement was made today that the Italians and Jugo-Slavs have made favorable progress toward a compromise on their territorial disputes.

AMERICAN SUBMARINES RETURN FROM HAZARDOUS TASK

U. S. submarines, which accounted for many U-boats, on arrival at Philadelphia.

After fifteen months hunting German U-boats in the Irish sea, the flotilla of submarines shown above returned to the League Island navy yard, at Philadelphia, completing the most hazardous service ever undertaken by any craft. The A L 11 (third from left) had many desperate encounters with the enemy boats, including a desperate fight below the surface with a Hun sub, which the A L 11 subsequently vanquished. These submarines made eight-day patrols from their Irish base, and had to keep constantly submerged, thereby risking attack from their own as well as enemy craft. The flotilla which accomplished this dangerous mission is under the command of Division Commander R. C. Grady.

BROTHERHOODS MAKE PROPOSALS ABOUT THE RAILROADS

Washington, Feb. 7.—Government ownership of railroads with operation jointly by the government, workers and railroad officials, was proposed today by the big four Brotherhoods.

Their plan was outlined to the senate interstate commerce committee today by Glenn E. Plumb, counsel appearing in their behalf.

The Brotherhood's plan provides for:

Government ownership, with guaranteed interest return, probably 4 per cent.

Formation of an operating corporation without capital, to be named, one by labor; one by the owners and one by the president of the United States; wage disputes to be adjusted by a committee organized on the same basis.

Profit sharing by employees out of the net revenue, one half to go to the government.

DR. AND. MRS. AUSTIN PATTERSON ARE HOME FROM WASHINGTON

Dr. and Mrs. Austin M. Patterson and little son Fulton, arrived home Friday morning from Washington, D. C., where Dr. Patterson has been since last April, engaged in the bureau of information of the chemical warfare service. He was joined there in October by Mrs. Patterson and their little son. The bureau of information secured reports of chemical workers not only in the United States but from England, France and Italy for the information of the War Department. Since the signing of the armistice the department has been engaged in writing a history of the chemical branch of the service for the records. Dr. Patterson has been granted a temporary leave of absence, until final reports are received in the spring when he will return and finish his work.

M F BEAL SALE IS BIG SUCCESS

"One of the best public sales held this season" was the verdict of the auctioneer at the sale held by M. W. Beal at his farm on the New Burlington pike, Thursday.

A good crowd made good bidding and the amounts were run up to fancy prices. Brood sows sold very well at \$75 a head. Milk cows sold for \$115, while shoats brought \$10.10 a head. Corn sold for \$1.65 a bushel.

W. B. McCallister was auctioneer at the sale. Mr. Beal gave credit to the newspaper advertising for drawing the crowd to the sale. He had secured sale bills but did not use them.

JOS. KENNEDY STARTS ANOTHER STORE

Joseph Kennedy, proprietor of Kennedy's Home Grocery has extended his interests by opening a new grocery in Yellow Springs, which he will run in conjunction with his local store on East Main street. Mr. Kennedy has been busy in Yellow Springs this week getting ready to open the new store, which will be managed by Ralph Stevens. Mr. Stevens, who has had considerable grocery experience, was lately discharged from the army. The Yellow Springs store will be operated on the same plan as Mr. Kennedy's local store.

STRIKE THREATENS TO TIE UP ALL SHIPYARDS

Trenton, N. J., Feb. 7.—A strike that threatens to tie up every ship-building yard on the Delaware river was called at the Merchants' Shipbuilding Corporation's plant at Harbortown, Pa., near Bristol, shortly after 8 o'clock, this morning.

Of the company's 10,000 employees, practically 8,000 are out, only the woodworkers and officers remaining.

ARMY ON THE RHINE TO INCLUDE 400,000 AMERICAN FIGHTERS

Paris, Feb. 7.—Marshal Foch estimates 400,000 American troops will be required to keep "the watch on the Rhine" until peace is signed. The French army contingent will number 800,000, while the British, considering the continuance of its service in the Balkans, Asia Minor and elsewhere, will be called upon for not more than 200,000. Belgium is asked to keep 100,000 mobilized along the Rhine.

Maintenance of an allied-American army of occupation of 1,500,000 men is considered necessary to forestall any German attempts to refuse to subscribe to the peace terms to be imposed by the allied and associated governments. The occupied territory will be mortgaged, as it were, to make sure that Germany will pay the damages and consent to the restoration of Poland, the surrender of her colonies and other conditions. The remainder of the American forces are preparing to return home at the earliest possible moment.

DIRECTOR HINES EXPLAINS PLANS FOR RAILROADS

Washington, Feb. 7.—Director General Hines explained to the senate interstate commerce committee that in regrouping the railroads according to his proposed permanent regional organization under private management, he would include one or two big systems as the backbone for each group. This grouping would have to be determined by some governmental tribunal, not by congress, and in general he considered it unwise to divide big existing systems.

For example, Mr. Hines suggested that one regional corporation be formed with the New York Central and New England systems, and smaller lines naturally grouping with them, and another of the Pennsylvania and Baltimore and Ohio, with smaller roads now physically associated with them. In this way, he said, six or more regional corporations would be created throughout the country, with more uniform strength than a multitude of smaller companies with widely varying strength.

DECLARES CHARGES AGAINST HOOVER ARE ALL FALSE

Washington, Feb. 7.—William A. Glasgow, Jr., counsel for the food administration, appearing before the house interstate commerce committee, denounced as untrue charges made by Edward C. Lasater, former chief of the live stock and markets division of the food administration, that Administrator Hoover had been influenced by the five leading meat packers and had discriminated against live stock producers. He declared Mr. Lasater's charges were inspired by personal grudge against Mr. Hoover; that they were absolutely without foundation in fact, and that no responsible person should place any credence in them.

STRIKE TERMINATES IN AN ARMISTICE

Washington, Feb. 7.—In announcing that revision of army legal procedure may result from the work of two war department agencies which now are reviewing the subject of military discipline for the purpose not only of establishing a model system of prison administration, but also of ironing out inequalities and resultant untariness in war-time sentences, Secretary of War Baker said that the recent prisoners' strike at Leavenworth barracks had terminated in an armistice, the prisoners' committee being anxious that Colonel Sedgwick Rice, commandant, should come to Washington for the prison conference, and had pledged good order during his absence.

The basis of the strike, Colonel Rice indicated, was the inequality of war-time sentences and also a feeling among other offenders that they were equally entitled to the clemency which they claimed conscientious objectors were receiving. Measures to equalize sentences are already being formed, and Secretary Baker said that all cases of military offenders would be treated exactly as were the conscientious objectors—on their individual merits.

THUGS BEAT IT.

Columbus, Feb. 7.—Thugs took to the tall timbers last night. Two hundred special deputies were aiding police in checking the "crime wave."

WAR WEDDINGS ARE LEGALIZED BY THIS BILL

Columbus, Feb. 7.—The house passed the Scott bill to legalize marriages entered into on permits from Major General Glenn shortly before the Eighty-third division left for overseas service last spring.

Representative Robins of Ross county said he believed these marriages numbered 150 to 200. General Glenn assumed this authority, Robins said, under a supposed military law which has not been found, after the probate judge of Ross county refused to issue licenses in violation of the Ohio law, which requires residence of the prospective bride in the county in which license is issued.

If couples married under military permits want their marriages recorded, the bill provides this may be done by presenting the permits to the Ross county probate court. The measure further provides that until the end of demobilization soldiers on duty at posts in Ohio may get licenses regardless of the residence of the bride.

Foxes may be killed the year around if the senate approves the Johnston bill, passed in the house by a large majority. These animals have become so numerous, it was asserted, as to become a menace to poultry and young live stock, quail and rabbit.

Representative Thompson of Columbus introduced a bill to transfer making and distribution of auto license tags from the secretary of state to the board of administration and requiring them to be made at the penitentiary.

The bank law recodification bill, prepared by the Ohio Bankers' association, with the assistance of State Bank Superintendent Berg, was put in by Representative Graham of Muskingum. It provides also for an advisory board of four bankers for the bank superintendent, similar to the advisory highway board and the advisory council of the state health department. The salary of the superintendent is proposed to be raised from \$5,000 to \$7,500. This was put in, it is said, over Berg's personal protest. Even if enacted, the salary change would not be effective until a successor to Berg is named.

The legislature was petitioned by Lorain city council to repeal all Ohio laws requiring the teaching of German language in public schools and the publishing of official notices in German newspapers.

The senate failed to pass the Stokes resolution urging congress to name Nov. 11 as Thanksgiving and Armistice day. The measure had been passed by the house, but received only 16 votes in the senate, where 15 votes were necessary.

VOTE IS SOUGHT ON PROHIBITION

Columbus, Feb. 7.—Petitions are being circulated in several Ohio cities and towns, signed exclusively by returned soldiers and sailors, protesting against the action of the Ohio electorate in adopting statewide prohibition last November while they were outside the state and unable to vote. Representatives of the Ohio Home Rule association here denied having anything to do with the matter, but said they understood the movement started in Toledo with the Soldiers' and Sailors' Protective league.

Representative George Lonz, Ottawa county, appealed to the joint committee on temperance of house and senate to amend the Crabbe-Miller prohibition enforcement bill so that the grape juice industry of Ohio will not be put out of business.

MEXICO FRIENDLY TO UNITED STATES

Washington, Feb. 7.—American rights in Mexico will be amply safeguarded by the Mexican government, according to Ambassador Henry P. Fletcher, who is here from Mexico City for conferences with state department officials and with optimistic views of the situation in the southern republic. The ambassador declared the feeling there toward this country had become more friendly since the recall of the German minister, the notorious Von Eckhardt, and the consequent cessation of anti-American propaganda. President Carranza in the last two years, he said, had accomplished a great work in preparing for development and reconstruction and in reorganizing the public service, and had made such headway in this respect that the various bandit leaders now were without real influence and were operating in small bands.

WHO WILL HELP?

The following touching appeal came to this office yesterday. I am a young widow with three small children, the two oldest in school and the youngest 27 months old. I want washings or ironings to do or work by the day in order to keep my three boys out of an institution. I must have work and that soon. The woman in question is a young white woman and while the writer did not see her it is easy to judge by the bright, clean faced little boys who brought her note that she is worthy of assistance. Her address is Mrs. M. M., corner Third and Columbus streets.

MOTHER! GIVE CHILD 'SYRUP OF FIGS' IF TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty its bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt. adv

These Durable Soles Cut
Shoe Bills Down

"For use around cement plants and similar places where rough materials grind down soles quickly, I recommend Neolin Soles. They resist wear surprisingly. After working around the clinker department long enough to wear out two pairs of ordinary soles, my Neolin Soles are still as good as new," writes A. F. Miller, superintendent of The Peninsular Portland Cement Company plant in Jackson, Michigan.

It is remarkable how tough and durable Neolin Soles are. They are made so by Science—comfortable and waterproof, too. They come on new shoes in many styles for men, women, and children, and are available everywhere for re-soling. Wear them, and cut your shoe bills down.

Neolin Soles are made by The Good-year Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

DRINK HOT TEA!**

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment.

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

FORMER JAMESTOWN MAN WEDS IN PARIS

Local people will be interested in the announcement of the romantic marriage of Lieutenant Donald H. Armstrong, son of Mr. and Mrs. James Armstrong of Los Angeles, Cal., formerly of Jamestown, and Miss Leslie Page of San Francisco, which took place in Paris, France, December 16.

Mr. and Mrs. James M. Carper of North King street, have received from the bride's parents, who live at San Francisco, the formal announcement of the marriage, which reads:

Mr. and Mrs. George Thomas Page announce the marriage of their daughter,

Leslie Mitchell, to Donald Harvey Armstrong, Lieutenant Aviation Service, U. S. Army,

on Monday the Sixteenth day of December, One thousand nine hundred and eighteen,

Paris, France.

Lieutenant Armstrong was on active duty with the expeditionary forces, and his fiancée entered the Y. M. C. A. overseas canteen work, and spent some time in the service in France. They decided to be married while in France, and after the marriage, notified their home folks, who are now announcing the event.

James Armstrong, father of the bridegroom, was for years in the dry goods business in Jamestown, in association with his step-father, the late M. O. Adams. His mother, Mrs. M. O. Adams, lives at Yellow Springs. The family went to Denver after leaving Jamestown, and then to Los Angeles, where they now live.

Must Be Progression.

The moral law of the universe is progress. Every generation that passes idly over the earth without adding to that progress remains uninspired upon the register of humanity, and the succeeding generation tramples its ashes as dust.—Mazzini.

VERY-WORTH MORE THAN A MEDICINE; IT'S A MIRACLE

SO DECLARES ATTORNEY C. W. WHITMER, AFTER GIVING THIS FAMOUS FAMILY TONIC THE ACID TEST.

This well known and highly esteemed citizen, formerly for four terms Xenia's director of public service, has just given Nerv-Worth the following extraordinary endorsement, in source and character it merits every reader's attention:

Sayre & Hemphill—Was completely run down and terribly nervous. Couldn't sleep. Would toss and turn most of the night. Had gas on my stomach and belched for quite some time after eating.

Have taken one bottle of Nerv-Worth and have been marvelously helped. Have not enjoyed sleep six months as I do now. Have been prejudiced against medicine but I am now of different opinion. Nerv-Worth is more than medicine. It is a miracle. I cannot recommend it too highly. I feel like a different man.

Your dollar back at Sayre & Hemphill's Drug Store, Xenia. If Nerv-Worth does not do for you what it did for Attorney Whitmer. Ask Demonstrator Brown for a sample dose.

Don't Spoil a Good Meal With a Bad Stomach

If a physician, a specialist in stomach diseases, came to you and said: "I will fix up that miserable, worn out stomach for you or money back."

"I will make it as good as new so you will not suffer from any distress and can eat what you want without fear of suffering, or money back would you turn down his offer?"

And when you are offered Mi-o-na stomach tablets, made from a prescription better than many of the stomach specialists know how to write, are you going to be narrow minded and continue to suffer from indigestion, or are you going to be fair to yourself and try Mi-o-na on the money back agreement.

Mi-o-na stomach tablets are offered to you on this basis, that if they do not put your stomach into such good shape that there is no dizziness, sour stomach, biliousness, sick headache, and stomach distress, your money will be returned. For sale by Sayre & Hemphill and all leading druggists.

THE HEROIC SACRIFICES OF FRANCE

Never in the world's history has any nation ever sacrificed so heroically of its blood and treasure than has France in the present world conflict. Her great peasant population have suffered and bled for democracy with undying fortitude. America also owes these people a great debt of gratitude for a perfect remedy for stomach, liver and intestinal disorders which it is reported has already saved many American lives and prevented thousands of surgical operations. Geo. H. Mayr, for years a leading Chicago chemist, imports and sells it in this country under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. Sayre & Hemphill, and druggists everywhere.

Entered as second class mail matter Oct. of March 3rd, 1879.

SOME GRAFTERS WHO ARE BULLDOZING CONGRESS.

It seems a shame to bother the whole country by the agitation in Congress over what is purely a private matter, to wit the agitation to repeal the Zone System on second-class mail matter. Second class mail means magazines and newspapers mailed by the office of publication. For mail purposes the country is divided into eight zones—graded for 50 miles for the first zone up to over 1800 miles for the eighth zone. The zone system has to do with parcel post packages and second class mail matter, the rate increasing the further the zone from the mailing point.

The object of the zone system is to make equal the postage rates—that is to charge a proportionate or pro-rata price on mail matter for each zone distance the government has to carry the article—as for instance, if a package mailed at New York might cost five cents within 50 miles, ten cents if to go 1000 miles, and 15 cents if to go over 1800 miles or to the Pacific coast. It seems as if nothing could be more fair. But the publishers of the Eastern magazines, the great national newspapers and the trade papers of wide circulation, are kicking like bay steers on having to pay their just share of postage on their output going to the far west or Pacific coast.

They make a great howl about this being a tax on public intelligence, boast about the glory of our national intellectuality, brag of our being a nation of readers, and claim that there should be equal postage on reading matter, the country over, the same as on letters.

All this sounds very nice until you examine it closely and find that it is unjust—unjust to the government—and rankly unjust to the 50,000 so-called country newspapers of the land.

The Post Office Department aims to give the public a "square deal"—aims to treat all alike—aims to give the country its postage at just as near cost as possible. This being so, of course each class of mail matter must stand on its own bottom. We know, for instance, that letter postage makes money for Uncle Sam—that he could afford to carry letters for one cent, if he wanted to.

Now coming to second class matter, publications, don't you see that the cost to the P. O. Department to carry the country newspaper say an average of twenty miles to its patrons is very small indeed when compared with the expense to the government of hauling great car loads of magazines and like monthly publications, nearly like books, two or three thousand miles to the West and Pacific coast, and yet all these 50,000 country newspapers, being in the same class, have to pay for the long haul of these monthly publications.

To make the postage the same on all second class matter, without regard to the distance it has to be carried, is an iniquitous discrimination against the country newspapers and this is the just reason for the equitable zone system, which these big monthly magazines and papers are fighting so hard. They are not willing to pay their just share of the postage to reach their patrons.

These monthly magazines and trade papers and farm journals are loaded to the guards with big advertisements, in some instances at \$5,000 per page, twice as much of their space taken for advertising as for reading matter. This is what the government is asked to carry across the continent at regular rates, by these publications.

One Eastern publication house, which issues three magazines, loads them by the half dozen car loads at its doors and is said to be profiteering to the amount of over four million dollars annually, and the government carrying its publications losing that much money. And this concern is one of the chief ones that is fighting the zone system. The law ought to stand intact.

The National Editorial Association membership, which is made up of country newspaper men and also a great majority of the State Editorial Associations of the country, favor the zone law. The only periodicals opposing it are some of the big city dailies and the national magazines, which ask government to carry their issues at great loss so that they may pile

up fortunes, on advertising diverted from country papers.

We trust that our U. S. Senators and Congressmen will stand by their friends, the country newspapers, and keep hands off the zone law. Heed not the graft agitators against it.

THE CASE AGAINST WILHELM.

The Hun Crown Prince has maintained that the Hohenzollerns were not at all responsible for the inhuman outrages perpetrated by their army in France and Belgium, "because, after all, my father and I are gentlemen."

The testimony of a different and sterner sort has been presented in a report from eminent French jurists who were asked to pass on the question of the former Kaiser's criminal responsibility. The most impressive item is a letter written by Wilhelm, early in the war, to the emperor of Austria, in which he said:

"My soul is torn asunder, but everything must be put to fire and sword. The throats of men and women, children and the aged must be cut, and not a tree nor a house left standing."

"With such methods of terror, which alone can strike so degenerate a people as the French, the war will end within two months, while if I use humanitarian methods it may drag on for years. Despite all my repugnance I have had to choose the first system."

This is a frank admission on Wilhelm's part that the decision rested with him, personally, and that he deliberately chose a policy of terror and destruction which modern law regards as no less criminal in war than it would be in peace. There is apparently no question of Wilhelm's free will in the matter, and therefore no question of his moral and legal responsibility. Such, at least, is the judgment of the French jurists given to Premier Clemenceau.

It may be expected, then, that this arch-criminal will be brought to trial for his misdeeds like any other malefactor, as soon as the peace conference can get around to his case.

TWENTY YEARS AGO

Mr. W. D. Wright has purchased an interest, in the Carruthers coal office and in the future will be identified with the business, and will make a strong addition to the firm.

Jeffersonville has a steam laundry, Plain City is on the eve of securing a canning factory, London has copped a new factory for making rope halters, Jamestown is boring for gas and Charleston wants a telephone exchange.

Charlie Stire, employed at the Pan Handle round house hurt his hand the other day and wrapped it up with a cloth saturated with turpentine, while handling a torch yesterday, the cloth took fire and blazed fiercely, burning his hand severely before the cloth could be removed.

Mr. and Mrs. J. F. Norckauer and three children are making preparations for a pleasant trip the last of this week, going to New Orleans, where they will take in the Mardi Gras, and also visit Mr. Norckauer's relatives. The south is Mr. Norckauer's old home and he has not visited it in ten years.

Mr. John Bryan, owner of Riverside Park, Yellow Springs, is preparing to start a "coonery" intending to fence off an acre of ground and stock it with raccoon and skunk for the commercial value of the fur. He expects to kill off part of the animals, which breed very fast, every year.

Mr. Jno. W. Hedges is in Cincinnati this week where he is serving on the United States Grand Jury.

Mr. R. K. Grieve, who was called to Cincinnati today on business, was accompanied by his wife, and they expect to visit several days in that city.

Mr. Fred P. Baldner expects to leave next week for Peoria, Ill., where he has accepted a position with the Peoria Rubber Co., with which his brother, Mr. Jacob Baldner has been employed for several months past. The firm is now engaged in the manufacture of a horseless carriage, which is said to be about as successful a vehicle as anything of the kind on the market. It is run by gasoline, the power being concealed beneath the seat. Although the manufacture of the carriage has just begun a number of them have been placed on the market. As the Baldner brothers are both practical men and good machinists they will be of much service in the work of getting out such a vehicle.

MOTORAIDS

If the owner keeps the same car for more than one or two seasons, the question of repainting it is sure to come up. Whether this will mean completely repainting it or merely a retouching and varnishing job, will depend upon its condition and whether its owner desires to change the color of the body and running gear, or of both.

If the paint has blistered, loosened or worn off to a serious extent, it is likely that part of the car, at least, will have to be entirely repainted, the paint burned or scraped off down to the bare material and replaced in the number of coats required.

If, on the other hand, the paint is sound with the exception of scratches and knicks, but the body of the car is faded and dead, touching up and repainting will give it a creditable appearance for another season, perhaps, at a cost very moderate as compared with that of a complete repainting and repainting job.

OHIO HAPPENINGS

Returning Soldiers Honored.
Cincinnati, Feb. 7.—This city paid honor to its soldier heroes when 800 of the boys of the 330th infantry regiment, who recently returned from overseas, paraded through the downtown streets. Scenes that made the heart glad were frequent when some mother, father, sister or sweetheart would spy one of their boys in khaki, rush into the ranks, sweep him into their arms and then follow him patiently over the remainder of the line of march.

Charged With Robbery.
Marion, O., Feb. 7.—Oliver Ott and Clyde Robertson, aged 16 and 21, respectively, giving their homes as Camp Chase, Columbus, are in jail at Waldo, this county, charged with holding up Lief Sharp of Ashley, wagon driver. It is alleged the boys secured \$37 from Sharp. They were heavily armed.

Speedy Airplane Flight.
Cleveland, Feb. 7.—Eric Springer, piloting a Glenn L. Martin airplane, made a nonstop journey between Cleveland and Washington, by way of Pittsburgh and Baltimore, covering the 349 miles in 2 hours and 58 minutes, an average speed of 117½ miles an hour.

Canoe Overturns; Two Drown.
Cincinnati, Feb. 7.—Two young men, one of whom may be Ray Penick of Owenton, Ky., were drowned in the Ohio river at Sweetwine, O., just above Cincinnati, when their canoe overturned.

Police and Firemen Seek Increase.
Chillicothe, O., Feb. 7.—Police and firemen here threatened to strike unless council grants them an increase in pay of \$25 a month. They are now getting from \$90 to \$110 a month.

THE TONE OF NEIL'S LETTERS MORE LOVING CHAPTER V.

Neil sent the books and the picture. He answered my letter almost at once, which made me very happy that I had not allowed my pride to make me wait as long as he did before writing.

The books I not only read, but studied. When he wrote of them I was thus able to discuss them intelligently with him. They were mostly light reading, but by well-known authors. The picture I placed on my bureau. I begged mother to buy me a frame for it. She bought me a very pretty one, better than she could afford, yet it seemed but a poor setting for Neil's handsome face.

We now wrote regularly. As the fall ran into winter, and the wind again whistled through the brown stalks of the shrubs and the naked tree branches, I longed more for these expressions of friendship from Neil. Although I neglected none of my duties, helped mother, joined in all the little affairs at the church and at the homes of my young friends, my heart was not in any of them. Neil was constantly in my thoughts.

At Christmas he sent me a set of O. Henry. He was a great admirer of that writer, and had said in one of his letters that he wanted me also to become familiar with his work. I was surprised and delighted, but when in addition I received a wonderful box of American Beauty roses I was so happy I cried.

"Looks pretty serious to me," father said, as I arranged the flowers. I recall now what a time I had finding holders for them. I couldn't bear to cut the stems, as mother suggested, so I placed them in the big water pitchers we used in the bedrooms. The only receptacle in the house deep enough to hold them. Oho, a beautiful half-opened bud, I carried up stairs and pressed it between the leaves of my Bible. That I would keep always.

As winter waned and the spring winds blew softly and warmly over my cheeks, Neil's letters grew a little more affectionate. Now he often said something about other girls, comparing them to me, always in my favor. Once he said:

"There is no one like you, Bab. No one a fellow feels is so brave, so true, so good. The more I see of these New York girls the more I think of you, dear, and your girlish ways. Keep all your ideals, Bab. The world is pretty hard and sordid at times. We all need something to cling to."

He often now wrote somewhat in this vein. Then at times he would ask me to excuse a short letter, saying that the market had gone all to pieces, and he was terribly busy. I had no slightest idea what he meant. That he was busy, was all I grasped. Or he would tell me the market was scooting upward so fast no one could catch it.

I asked father what he meant, but he hadn't any more idea than I had. He answered:

"It is sort of banking business, I guess." But as a rule Neil wrote nice, long, satisfactory letters. And in reply I also told him of everything I thought would interest him. I too allowed myself a little more freedom as time went on, and several times I had signed them "with love" as I had longed to do at first.

Then one day in early spring when the leaves and buds were pushing themselves into a warm sunlit world I almost fainted from sheer joy. Neil was coming!

I went about the house singing in my heart the refrain: "Neil is coming! Neil is coming!" It seemed to me that the soft wind whispered it; that the birds caroled it. Nothing else could possibly engage even their attention, save the one wonderful

fact that Neil ("my Neil") I called him blushing) was coming.

It was the last of May when he arrived. The village never had been prettier, the flowers and shrubs never bloomed more bravely. I had been sewing for weeks so that I too might appear bravely attired. I don't know that I have mentioned my one accomplishment; but I was "a wizard with a needle" so mother and the girls said. And I put all my ingenuity to work so that I might look attractive to Neil. The materials I had to work with were the simplest, but they were all I had been accustomed to wear, and I had not even wished for anything better.

Tomorrow—Neil Tells Barbara of His Love.

The high school basketball team defeated an independent team from Cedarville last Friday night, on their home floor, by a score of 42 to 14. The high school team will probably play Solon or the Ross township floor, making a double header here.

The Christian Endeavor Union meeting was held at Carthage last Sunday evening. A splendid program was given by the different societies. Those present from Selma are the following: Edna Wildman, Verna Baegant, Gerald Thompson, Anna Lois Hewitt, Newell Elder, Clarence Baegant, Raymond Edmiston, Pauline Thomas, Mary Hayes, Elbert Schickel, Julia Elber, Louise Schickel, Austin Wildman, Russell Confer, Blanche Baumgardner, Ralph Hewitt and Margaret Confer.

Russell Dines and Elbert Schickel, of O. S. U. at Columbus, spent a few days of last week at their homes here.

W. A. McDorman having spent a few weeks in Florida, returned home last Saturday evening.

Many from here attended the musical program given at Ross Township last Friday night.

Mrs. Clinton Edmiston of Springfield, spent a few days of last week with Pearl Edmiston and family of near here.

Miss Rachel Calvert spent the week end in Columbus, where her father is ill at a hospital.

Mr. Edward Holloway was in Springfield last Sunday afternoon. Louis McDorman was in London Tuesday on business.

No Medicine-Chest Without Its Family Laxative

From the baby to the grandparents a good laxative is the necessary medicine in the little ills. It wards off serious sickness and saves doctor's bills. Many a cold has been prevented from running into grippe and pneumonia by its timely use.

Many a racking headache has been quickly dispelled by it. And it is a laxative rather than a drastic cathartic or purgative that should be in every family medicine-chest, for a laxative can be used at all ages.

Thousands of good American families have for more than a quarter century used a combination of simple laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepsin. It is a laxative- tonic that acts on the bowels and stomach. Infants take it with perfect safety, and it is equally effective for grownups.

Grandparents are now seeing their children give it to their babies. It is excellent for all the family in constipation no matter how chronic, indigestion, wind colic, biliousness, headaches, dyspepsia and similar ills.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the War, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes—50c and \$1.00.

SURPRISE PARTY
AT WHARTON HOME

Bidding them farewell upon the eve of their departure for their new home in the country, neighbors of Mr. and Mrs. Harley Wharton, surprised them at their home on the Fairgrounds road, Wednesday evening.

There were twenty-five in the party of friends who called at the Wharton home to say good bye and at the same time tell them how greatly they would be missed from neighborhood where they have made their home. The Whartons are among the most popular families in their neighborhood, and their friends regret greatly the fact that they will go elsewhere to make their home.

Refreshments of ice cream, cake and fruit were served by the company, and a jolly evening was spent.

Her Heavenly Program.

Aunt Callie was a very religious negro woman—of the shouting variety. She was telling the children about heaven, and what she expected to do when she got there. "When I gets dar, honeys, I gwine take a crown what a angel gwine gimme, an' put it on my head. Den I gwine git out my lil' ole habb an' play some of dem heben chunes on it. Den I gwine stretch my lil' white wings an' fly fum cherry beam to cherry beam."

OVER 200 GERMANS
TRIED IN AMERICAN
COURTS IN WEEK

American Headquarters in Germany, Feb. 7.—Two hundred and twenty-one German citizens have been tried in American military courts during the past week of whom 198 were convicted.

This is a big increase, due largely to more drastic enforcement of regulations. Heavy fines were imposed. Fourteen women, convicted with associating with American soldiers were fined from 100 marks (\$25) upward and sentenced to as much as a month's imprisonment.

One German dealer was fined for using the American flag for commercial purposes. He sold stationery on which the American and German flags were crossed. Three of the convictions were for disseminating enemy propaganda among the troops.

GRANGE NOTES

Magnetic Grange at Bellbrook installed its officers on Tuesday evening in the presence of a good-sized crowd. It being the second meeting in four months. After an interesting program light refreshments were served. Several visitors from Beaver and Xenia Granges were present.

George T. Watts, State Business Agent, reports better trade arrangements than ever before. This is possible because the State Granges of Ohio, Pennsylvania, New York and Michigan are all placing their orders as one body.

Due to the increased membership Greene county will be entitled to two delegates at State Grange this year. All Greene County Granges are feeling very jubilant over the new Grange at Yellow Springs. The organization was completed on last Friday evening with 250 charter members which State Master Taber says, to his knowledge, is the largest Grange ever organized in Ohio. The ease with which this large membership was secured proves that the farmer is now ready for organization. Twenty children were secured for a juvenile Grange and the organization will be completed at the next meeting.

The following men comprise the State Grange Legislative committee: George E. Scott, L. J. Taber, Harry A. Caton, George H. Platt, Oscar Erf, Homer C. Price, John Cunningham, J. F. Walker, H. E. Shaver, C. A. Dyer, D. C. Garrison, E. T. Wagner. Some of the above committee are at Columbus all the time and this assures the farmers that their interests will be well taken care of.

LECTURE ON "LOST
GIRLS" TO BE GIVEN
IN XENIA SUNDAY

Miss Caroline Richards, of Cleve-
land, field secretary of the American
Civic Reform Union, will lecture on
"Lost Girls," next Sunday afternoon
at 2:30 at the Presbyterian church.
The lecture is open to all with the
exception of children under 14.

Miss Richards will give a remark-
able expose of the unsuspected trans-
actions of white slavers. Miss Rich-
ards is favorably known as an evan-
gelist, is an entertaining speaker, and
has given a great deal of attention to
the subject upon which she is now
lecturing.

While here she will start Welfare
Circles for the safeguarding of girls.
A Circle is formed by appointing a
responsible woman as leader, and to
the leader the Reform Union will
give a set of books which she will
loan to women and girls. This is part
of the general program of the Re-
form Union in combating white
slavery.

Before The Advent
Of Woman's Gladness

Women Who Know Take Precaution
Against Suffering.

Before the arrival of the Stork, women
for over half a century have learned the
wisdom of giving nature a helping hand.
Nausea, nervousness, bearing-down and
stretching pains in the abdomen and
muscles are entirely avoided by the use of
Mother's Friend, according to the testimony
of thousands of mothers who have used this
time-honored remedy.

Mother's Friend lubricates the fine net-
work of nerves beneath the skin, and by
regular use during the period the muscles
are made and kept soft and elastic. They
can then expand gently and easily when
baby is born and pain and danger at the
crisis is naturally avoided.

Mother's Friend is a preparation of pen-
etrating oils and other medicinal agents
prepared especially for expectant mothers.
It is for external use, is absolutely safe and
should be used regularly during the entire
period before baby comes.

Write to the Bradfield Regulator Com-
pany, Dept. A, Lamar Building, Atlanta,
Georgia, for an interesting Motherhood
Book, and obtain a bottle of Mother's
Friend from the druggist. You will find it
the greatest kind of balm.

My skin has certainly
improved since
Resinol
Cleared those blemishes

Undoubtedly the only kind of beauty
worth having, comes from a clear
healthy skin. Red, rough, pimply skins
—skins that itch and burn—those that
are subject to abrasions of an em-
barrassing character, can usually be
treated most successfully with Resinol
Ointment.

Skin troubles are often the result of
neglect. When your skin regains its
natural beauty, keep it clear and healthy
with Resinol Soap. At all druggists.

WHEN YOU WAKE
UP DRINK GLASS
OF HOT WATER

Wash the poisons and toxins from
system before putting more
food into stomach.

Says inside-bathing makes any-
one look and feel clean,
sweet and refreshed.

Wash yourself on the inside before
breakfast like you do on the outside.
This is vastly more important because
the skin pores do not absorb impuri-
ties into the blood, causing illness,
while the bowel pores do.

For every ounce of food and drink
taken into the stomach, nearly an
ounce of waste material must be
carried out of the body. If this waste
material is not eliminated day by day
it quickly ferments and generates
poisons, gases and toxins which are
absorbed or sucked into the blood
stream, through the lymph ducts which
should suck only nourishment to sus-
tain the body.

A splendid health measure is to
drink, before breakfast each day, a
glass of real hot water with a tea-
spoonful of limestone phosphate in it,
which is a harmless way to wash
these poisons, gases and toxins from
the stomach, liver, kidneys and
bowels; thus cleansing, sweetening
and freshening the entire alimentary
canal before putting more food into
the stomach.

A quarter pound of limestone phos-
phate costs but very little at the drug
store but is sufficient to make anyone
an enthusiast on inside-bathing. Men
and women who are accustomed to
wake up with a dull, aching head or
have furred tongue, bad taste, nasty
breath, sallow complexion, others who
have bilious attacks, acid stomach or
constipation are assured of pro-
nounced improvement in both health
and appearance shortly.

PAINS AND ACHES YIELD
QUICKLY TO SLOAN'S LINIMENT

Are you tormented by Neuralgia,
Lumbago, Sciatica or any of those
aches that require a counter-irritant?
Then let the soothing, warming applica-
tion of Sloan's Liniment stop the
pain by drawing the blood away from
the congested part.

It is the pressure on the nerves by
the blood rushing to the inflamed
muscle or joint that makes you ache.
So when Sloan's Liniment relieves the
swollen blood vessels by setting up a
counter-irritant on the surface, the

circulation is equalized, sympathetic
nerves all soothed, and soreness or
lameless disappears.
Sloan's Liniment is probably the
counter-irritant most widely used to
overcome painful inflammation in
cases of neuralgia, sore muscles,
wrenched joints, strains, bruises, gout.
Rubbing is not required. This clear,
clean liquid is easily applied as it does
not stain the skin.

Generous size bottles at your
druggists.

WILBUR DONOVAN IS BACK FROM OVERSEAS

Wilbur Donovan, Xenian, who lately returned from overseas, has been discharged, and has arrived at his home here.

Mr. Donovan was discharged from Camp Sherman, where he was sent after leaving the Debarcation Hospital in New York, after suffering from pneumonia.

Mr. Donovan left here for Camp Taylor last spring and went across with the Quartermaster's Corps, his ship, the Hercules, running into submarines while at sea, but managing to avoid them.

Mr. Donovan was taken ill in France and returned to this country on the casual ship, "Northern Pacific," which was stranded off the coast of the United States. From there he was taken to the hospital in New York, until he was well enough to be sent to Camp Sherman, for discharge.

MAYOR OF CLIFTON CALLED BY DEATH FRIDAY MORNING

Edward C. Corey, prominent retired farmer, Mayor of Clifton, and well known throughout the county, passed away at his home in Clifton at 5:15 o'clock Friday morning. He had suffered a hemorrhage of the kidneys and his condition became serious Thursday. He was unconscious when his daughter, Miss Mae Corey, arrived Friday evening and he never roused.

Mr. Corey was born in Manchester, New Hampshire, and was 69 years of age. He was the son of Ephraim Corey and Mary Austen Corey, who moved to this county when their son was fifteen years of age. Ephraim Corey erected the building now known as the Manhattan apartment building on North Detroit street, but which was then known as the Corey house.

Mr. Corey settled on the farm near Clifton and had lived there until his retirement several years ago. He was married to Miss Cosmella Sellers, of Selma, in 1874, and she survives him with three children, Frank, of Selma, Mrs. Clark R. Crabill, of Springfield, and Miss Mae Corey, a professional nurse, who is well known here. He also leaves two brothers and one sister, A. B. Corey, of Chicago, William, of Manchester, Neb., and Mrs. Belle Barkley, of Des Moines, Iowa.

Honest, upright and kindly in all his dealings Mr. Corey had numerous friends throughout the county who will regret to hear of his death. He was a faithful member and a trustee of the U. P. church in Clifton, and had held the office of Mayor for four years. He was also justice of the peace of Greene township. Clark county.

Funeral services will be held at the late home in Clifton at 1:30 o'clock Monday afternoon and will be in charge of Rev. McKibben and Rev. McKinney, both of Clifton. Burial will be made in the Clifton cemetery.

Clean old newspapers 5c a bundle.

DISCOURAGED

You have tried everything. It's the same old story. I hear it everyday. Your courage is gone, your faith is gone. The end would be gladly welcomed, but even that won't come. What would you give to be a well man—a well woman? What wouldn't you give? Worse cases, perhaps than yours, are yielding as if by magic to its subtle power. Why not your case? I will leave it to your intelligence and good judgment. Slaves to mock or false modesty, you deserve to suffer. 55 per cent of the supposed incurable cases could be relieved physically and mentally, if they would only confess it to a friend, family, or better, a skilled physician. Don't argue I've tried electricity with no results—you may have no idea what an up-to-date electrically equipped institution really is.

IF I ONLY KNEW JUST WHAT AILS ME.

How often have you made this remark? Yet you continue to suffer, hesitating to seek aid because you consider that medical attention would be too expensive, or, perhaps, are you dissatisfied with past treatment.

Remember, all the wishing, hoping and praying never cured any real physical ailment. Then, why continue to grope in the dark, suffering pain, discomfort and dissatisfaction?

An X-ray examination will cost you but one dollar and is considered by the medical profession as one of the greatest aids to a correct diagnosis. If your case is not incurable you can be treated in one of the most completely equipped offices in the Middle West. 25 years experience.

X H S WILL PLAY NEWARK SATURDAY

After two weeks of inactivity, the Xenia High School basketball team will "go over the top" again Saturday evening, when it meets Newark High

School on the local court.

Little is known of the prowess of the up-state quintet, excepting from experience in years before with them at the Delaware state tournament.

The Newark aggregation plays Springfield at Springfield tonight, and according to the dope that Springfield has on them, the Home City lads have the edge on the visitors. The Sun explains that Doane Acad-

amy beat Newark and Springfield made short work of Doane Academy, so the Reapers should not fear Friday night's conflict. Since Springfield also defeated Xenia, when the local team was crippled, it looks as if Saturday night's game here would be an evenly matched affair.

Suggestions to Women "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

HERE IS PROOF

Pittsburgh, Pa. "I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way." — Mrs. James Croker.

Holmdel, N.J. "I live on a farm and am a hard working woman and for weak, run-down, overworked conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in our neighborhood, too." — Mrs. Thomas Ellis.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

GREENE COUNTY BOYS IN PARADE AT CINCINNATI

Greene county boys were feted, breakfasted, dined and cheered long and lustily at Cincinnati Thursday when as members of the 330th Infantry, they visited the city with that Regiment.

The 330th outfit of Ohio boys, many of them from the Queen City, paraded in full fighting equipment through the streets and were royally entertained all during the day, from the time they breakfasted at the Gibson in the morning until they were cheered a final farewell when they left for Chillicothe at four o'clock Thursday afternoon.

A number of Xenia people visited Cincinnati and were first to see the sun-browned, khaki clad heroes of the Regiment.

Quinine That Does Not Affect Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.

WHEN A FAMILY NEEDS A FRIEND

In the Absence of Doctors Nobly Gone to War, After Influenza, the Grip—

Those wonderfully useful medicines, Hood's Sarsaparilla, Peptiron and Hood's Pills—comprising the new combination family treatment—are warmly recommended.

If taken regularly, Hood's Sarsaparilla before meals, Peptiron after meals, and Hood's Pills at night as needed, they are reasonably sure to keep a family in health and prove to be reliable and always ready friends. They purify the blood, build up strength and regulate the system.

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

the old county, since their return from overseas. All of them were there—men who were drafted during the first call in the fall of 1917, who built Camp Sherman with the 83rd Division and who have been in France for months with that organization. Smiling from beneath their "Bessie semre derbies," which served as protection from shrapnel in France, were the familiar faces of many Xenia boys: "Goat" Evers, "Peanut" Heaton, "Budgen" Lunn, Geiger, Stutsman, Cyphers, Joe Fealy, Jim Curlett, Ketter, Carter and others of the lads who call Greene county their home.

After parading led by the band of the 330th Infantry, in which Forest Hurley, another Xenia boy plays, the Regiment left Cincinnati at 4 o'clock Thursday afternoon for Camp Sherman, where it is expected to be discharged in a body next Tuesday.

TEACHERS TO MEET IN XENIA SATURDAY

The Greene County Teachers' Association will hold its first meeting of the year in the First M. E. church, Saturday, commencing at 9:30 in the morning.

The morning program consists of devotionals by Rev. A. J. Kestle, an inaugural address by Supt. D. S. Lynn and an address by Prof. M. A. Leiper of the State Normal School, Bowling Green, Ky. The program will be interspersed by music.

The round table talks will be held in the afternoon, with Belle Neiberger, Simon Shupp, Amelia Holden and Anna Todd acting as leaders for the different subjects.

Prof. Leiper will deliver another address in the afternoon and there will be entertainment and music besides the business session.

The committee in charge consists of D. S. Lynn, president, Letitia Dillencourt, secretary and F. M. Reynolds, county superintendent.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients.

They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten, colds of the chest (it often prevents pneumonia). Always dependable. 30 and 60c jars; hospital size \$2.50.

GRIP, INFLUENZA

Hamilin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they get a top into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
